

Date 9/3/2005

When Airimba, Inc. works with Advanced WiFi Solutions we breathe easy, knowing that we will receive quality installation services and solutions for our wireless Internet deployments. We have contracted out many installations to a number of companies and have been very impressed with the services and solutions provided by Advanced WiFi Solutions. Their pricing is competitive and their installation staff followed our network designs, working hard to complete the project in timely fashion. We will definitely use Advanced WiFi Solutions for future deployments and highly recommend their services to other companies and individuals needing installation solutions and technical knowledge regarding WiFi networking.
